

Maroon 5 "Get Back In My Life"

Visit "[Get Back In My Life](#)" on MotoLyrics.com

You are relentless, I am defenseless
Why did you knock me down tonight
You beat me senseless, I just don't get this.
How many times do I have to try

Your whisper so clear, the world disappears
As I fall into the darkness, its impossible to express
How good it feels, I'm wrapped up, I'm sealed
So tired I'll never be free, all night, don't fight the
feeling

Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
You've started a fire, burned me to the floor
Please don't resist anymore, I'll never leave you
alone

Don't reprimand me, you're so demanding
But I've got time, I don't mind at all
You're picture perfect, completely worth it
You've got my back against the wall

Your whisper so clear
The world disappears
As I fall into the darkness, impossible to express
How good it feels, I'm wrapped up, I'm sealed

So tired I'll never be free, all night don't fight the
feeling

Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
You've started a fire, burned me to the floor
Please don't resist anymore, I'll never leave you
alone

And can you hear me calling
I'm screaming, scratching, crawling
You ignore me cause I'm always coming back to you,
coming back to you

And you know how much I miss it, and you know I cant

resist it

See your lips and just come running, right on back to
you, right on back to you

Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
You started a fire, burned me to the floor
I cant do this anymore, I'll never leave you alone

Get back in my life, come knock on my door
You're what I'm looking for, I think you should know

I never leave you alone

Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
Get back in my life, come knock on my door
You're what I'm looking for, I think you should know
