Here in this town they have all got the blues  
As the paper boy takes off without any news  
Angels have wings you can feel free to use  
The corner store drugs you can freely abuse

And I'm yelling and screaming cause baby you're  
driving me crazy

So life on your own has been vacant and cold  
Everyone's getting somewhere and you're getting old  
Career opportunities they all have been sold  
Along with your body and most of your soul

And I'm yelling and screaming cause baby you're  
driving me crazy  
If I could spare more remorse from my emptied out  
pores I would maybe  
Cause the fog's getting thicker the world's spinning  
fast  
The chaos is building, it's going too last  
And it's so hard to see and you're so hard to find  
The days when I think I am losing my mind

So keep painting pictures of beautiful scenes  
Striking the canvas with deep blues and greens  
When you start frowning they think you're obscene

As you work overtime to make sure they can dream

I'm yelling and screaming cause baby you're driving  
me crazy  
If I could spare more remorse from my emptied out  
pores I would maybe  
Cause the fog's getting thicker the world's spinning  
fast  
The chaos is building, it's going too last  
And it's so hard to see and you're so hard to find  
The days when I think I am losing my mind

And we yell and we scream  
As the fog's getting thicker the world's spinning fast  
The chaos is building, it's going to last

And it's so hard to see and you're so hard to find  
The days when I think I am losing my mind

And the fog's getting thicker the world's spinning fast  
The chaos is building, it's going to last  
And it's so hard to see and you're so hard to find  
The days when I think I am losing my mind
