Can you see me floating above your head
As you lay in bed
Thinking about everything that you did not do
'cause saying I love you has nothing to do with
meaning it

And I don't trust you
'cause everytime your here
Your intentions are unclear
I spend every hour waiting for a phone call
That I know will never come
I used to think you were the one
Now I'm sick of thinking anything at all

You ain't never coming back to me
And that's now how things were supposed to be
You take my hand just to give it back
No other lover has ever done that
Do you remember the way we used to meal
Do you remember how it felt when I touched you
Oh, 'cause I remember very well

And how long has it been
Since someone you let in
Has given what I gave to you
And at night when you sleep
Do you dream I would be there
Just for a minute or two, do you?

You ain't never coming back to me
And that's now how things were supposed to be
You take my hand just to give it back
No other lover has ever done that
Heart ache, Heart ache I just have so much
A simple love with a complex touch
And there is nothing you can say or do
I called to let you know I'm thru with you

You ain't never coming back to me
And that's now how things were supposed to be
You take my hand just to give it back
No other lover has ever done that

Heart ache, Heart ache I just have so much
A simple love with a complex touch
And there is nothing you can say or do
I called to let you know I'm thru
I called to let you know I'm thru
I called to let you know I'm thru with you
I ain't never coming back to you
