[Talking:]

Yo

Your my everything, ya kno

Everything I ever wanted

Uh..check it

[Verse 1]

Girl I must confess

From the first time I saw

Thought to myself don't I know you

Girl you stole my heart

And

I can't not lie

I wish I was your kinda guy

Wish I was the one that you wanted to claim

Wanted to send your time with

Baby your love

Got me going out my head

Got me thinking strange feelings

Girl your the only one that makes me feel this

And baby your love

Got me imagining what I looks like in the mirror

Girl

I'm so glad that I got cha

I'm so glad you choice me

[Chrous]

Your more then the answer

For every question

I have

There's no way that I deserve you

Girl you got me so in

So high

In this love

I know it

My everyday is because of you

[Verse 2]

Girl now don't tell me twice

Knew it when I looked in your eyes

It was goin to be you and i
That brought you into my life
And
So come into my world
I want to be your boy, I want you to be my girl
The one I love I put above everything

Baby your love
Got me going out my head
Got me thinking strange feeling
Girl your the only one that makes me feel this
And baby your love
Got me feeling like I'm in heaven
Got me flying over the moon
I wanna be the one you coming home too

[Chorus 2x]
Your more then the answer
For every question
I have
There's no way that I deserve you
Girl you got me so in
So high
In this love
I know it
Girl, My everyday is because of you

[Bridge]
Girl I swear
From the bottom of my heart
I'll never forget baby
My everything
Just step to me
And everything you do
Girl i'm so in love
Because of you.....

[Repeat chorus]
