Come baby - come baby  
Prettiest girl so lonely  
Come baby - come baby  
I wanna be with you  
Come baby - come baby  
Why don't you press this button  
Come baby - come baby  
I'll show you what we'll do

Tell me why should a woman be sorry  
If her man lives his life not at home  
Come baby - come baby - baby come come  
Come baby - come baby I'll be the one

Chorus:  
Beep beep beep - sha lala  
Electronic lady  
Just beam me and I'll be your virtual baby  
Just press yes and I'll be on your screen

Beep beep beep - sha lala  
Electronic baby

Just beam me and I'll be your virtual lady  
Just press yes and I'll be in your dreams

Come baby - come baby  
Tell me who did this to you  
Come baby - come baby  
I'll take away your pain  
Come baby - come baby  
Let's have a secret party  
Come baby - come baby  
Don't tell it to your man

Tell me why should a woman be sorry  
If her man lives his life not at home  
Come baby - come baby - baby come come  
Come baby - come baby I'll be the one

Chorus
