All my true love is confusing you  
But angels just told me you want it too  
I'm waiting, - now tell me - you love me too  
Love me everyday "everyday" everyday  
everyday

I will love you everyday  
I will love you everyday  
I will love you everyday  
I will love you everyday

Closer I will be so close  
So close to you  
I will never turn my back on you  
Don't care if you don't want  
I'll hold you come what may  
I will love you everyday

If you don't believe it's true  
I will prove my soul to you  
I will throw my love right all over you

I will love you everyday  
I will love you everyday  
I will love you everyday  
e v e r y d a y

Baby I can make you high  
You know it's true  
I won't stop you know there's no enough  
And even you don't want  
I'll have to make you stay  
I will love you everyday

If you don't believe it's true  
I can prove my soul to you  
I will throw my love right all over you

I will love you everyday  
I will love you everyday  
I will love you everyday  
e v e r y d a y

I'll be next to you  
And there is nothing you can do  
Why don't you come and love me to  
Everyday

I want to be your father, your brother too  
I don't care if you're crying just love me too  
I'm waiting now tell me that it's okay  
Love me everyday

I will love you everyday  
I will love you everyday  
I will love you everyday  
I will love you everyday  
I will love you everyday  
I will love you everyday
