Freefall, freefall

All my life
I have been searching
For the person
With the key

People I've seen
Were only running
After the same dream

There were times I
Lost my faith in
Gods and angels
Love and peace
Mama used to say
The only love
Will wait another day

But can she make me say
Forever not today
Will I be the one
Who makes her see

Chorus:
I love my woman
I love my life
It makes me happy
She is my wife

And I'm so proud of
She makes me see
It's just another freefall

All my life
I have been searching
For the person
With the key

People I've seen

Were only running

After the same dream

There were times I
Lost my faith in
Gods and angels
Love and peace
Mama used to say
The only love
Will wait another day

But can she make me say
Forever not today
Will I be the one
Who makes her see

Chorus:
I love my woman
I love my life
I love the babe
That's born tonight

I wanna shout out
They make me scream
It's just another freefall

I love my woman
I love my life
I love the babe
That's born tonight

I wanna shout out
They make me scream
Don't wanna take another freefall
