You're no longer by my side
I told you lies and hurt your pride
I'm wrong now
But baby you're gone now

Waited for you all those years
I never thought I'd face your tears
But somehow
My sun will be gone now

Chorus:
You will be gone now
Leaving me blind
You're gonna find a place to be
You will be gone now
Leaving me behind
You will be gone
But you're on my mind

Everything is said and done
But after all you're still the one
I want now
Although you're gone now

Knowing that your love is through
I just don't know to whom
That I belong now
The world will be gone now

Chorus:
You will be gone now
Leaving me blind
You're gonna find a place to be
You will be gone now
Leaving me behind
You will be gone
But you're on my mind

You will be gone now

Leaving me blind
You're gonna find
A place to be

Babe babe oh yeah yeah
