I just called
To tell you a secret
The crossroads of our love's
Where we still meet

But I see your love is aching
And I don't know what to do
'Cause I think my heart is breaking
Tell me how it feels for you?

Pre-chorus:
Everytime I think I got the key
You turn your back and close the door
And that is not the way that it should be
That is not what I'm here for

Chorus:
Could you just love me? Love me!
Drown my foolish lingering doubt
Could you just love me? Love me!
And give your heart a voice
Make it scream and shout

Girl you know that I still love you
Your heart still throws a fear into to my spine
So I pray we're gonna make it
Baby now it's up to you
Say what's on your mind I'll take it

Tell me how it feels for you?

Pre-chorus:
Everytime I think I got the key
You turn your back and close the door
And that is not the way that it should be
That is not what I'm here for

Chorus:
Could you just love me? Love me!

Drown my foolish lingering doubt
Could you just love me? Love me!
And give your heart a voice
Make it scream and shout

Just love me
Just love me
Baby, love me
Just love me
Just love me
Just love me
Just love me
Just love me
Love me
