Do you see her?  
She is here ã,â" it's you friend  
Wants to be by your side  
When you feel so bad

'cause he told you  
That he's gonna leave all behind  
All the love you had

Makes you feel so sad  
How it hurts  
But now she's here to kiss you

As long as she keeps her little secret  
As long as she plays a tricky game  
As long as you feel her inner distance  
She will never ease your pain

Why do you believe in what she tells you  
As long as she fills you up with lies  
You should fly ã,â" leave it all behind you

Do you see her?

Do you see in her eyes  
Something's wrong ã,â" maybe gone  
'cause she came to play

Tellin' you ã,â" he'll come back  
Doin' all she can do  
Just to make him stay

He is hers today  
And you realize  
'cause she is here to kiss you

As long as she keeps her little secret  
As long as she plays a tricky game  
As long as you feel her inner distance  
She will never ease your pain

Why do you believe in what she tells you

As long as she fills you up with lies  
You should fly ã,ã" leave it all behind you
