Chorus: (2x)
Shiva god
Deepest love
Sweetest life I live

Destroy in my mind
Belive in my soul
What you will find
Will turn into gold

I want you to dance
My time won't run out
I will take a bow
I'm not gone around

Chorus (4x)

Don't bury my dream
And spell my belief

Don't waste bitter tears
Past will dsappear

I want you to dance
Make a room for the new
I will take a bow
Past will disappear

Chorus (4x)

My pain cuts so deep
Believe in my soul
What you will find
Will turn into gold

Chorus (4x)
