Every time you're leaving me  
My heart's an open book  
The truth is there for you to see  
It's time to take a look

And thoughts that never crossed my mind  
Express what I can't say  
The words I truly try to find  
I'm begging you to stay

There are  
2 more lonely people in this world tonight  
2 more lonely people can't find a place to hide

Every time you're leaving me  
My heart is in your hand  
I'm not the man I used to be  
'Cause I can't understand

The lonely days of long ago

Are knocking on my door  
They're calling me although they know  
What I'm waiting for

There are  
2 more lonely people in this world tonight  
2 more lonely people can't find a place to hide  
2 more lonely people in this world tonight  
2 more lonely people can't find a place to hide

The laughing eyes that made me see  
Are conquered by the blues  
'Till you come back to me
