Corner boys

I can't blame you if you wanna leave
'Cause I'm not the man that I once used to be
But there's a change that has come over me
So before you go, listen to my last plea

(All because of you)
Ooh, you're the love of my life
And I was doin' wrong but I wanna do right, girl

(All because of you)
No more stayin' out all night
I wanna make it right, wanna change my life, girl

(All because of you)
I don't wanna play no games
Wanna change your name to my name, baby

(All because of you)
Not gon' be the man that I used to be, no
I'm changed because of you

Can't take back the things that I did before
But baby, I'm promisin' that my heart is yours
(Yours)
I know it ain't easy, baby but you gotta believe me,
baby
All I'm askin' for is one more chance, I'm changed
because of you

(All because of you)
Ooh, you're the love of my life
And I was doin' wrong but I wanna do right, girl

(All because of you)
No more stayin' out all night
I wanna make it right, wanna change my life, girl

(All because of you)
I don't wanna play no games
Wanna change your name to my name, baby

(All because of you)
Not gon' be the man that I used to be, no
I'm changed because of you

I, I, I, I, I wanna do right by you, girl
I, I, I, I, I wanna spend my life with you, girl
I don't wanna play no games, wanna change your
name to my name, baby
I'm turnin' in my player's card, all because of you

It used to be that you in the club poppin' bottles, wrists
glistenin'
Shorty tried to tell me, 'Chill' but I wasn't listenin'
I can't deny, you knew me from bein' immature
One way of sayin' sorry, take you to the country store

You told me all you really wanted was to see me more
Then the stress hit me hard like a meteor
I hit rock bottom, you was there to pick me up
I neglected you, we didn't hug, didn't kiss enough

But you never threw nuttin' up in my face
Gave me all your love and your warm embrace
But now I see I'll neva find another like you
You the type boo, make a playa, wanna wife you

But me and you, this money's not a issue
When I miss you, when I touch you, I can feel it in my
palm gristle
I'm still wit you and I'm sorry 'bout the way I did you
