Yo
You're my everything
You know
You're everything I ever wanted
Oh, oh
Huh, check it
Girl I must confess
From the first time I saw you
Thought to myself don't I know you
Girl, you stole my heart
And I cannot lie
Wish I was your kind of guy
Wish I was the one that
You wanted to claim
Wanted to spend your time with
(Baby your love) Check it
Got me going out my head
Got me thinking strange feelings
Girl, you're the only one that makes
Me feel this way
(And baby your love)
Got me imagining
What it looks like in the mirror
Girl, I was so glad when I got at you
I'm so glad you choose me
You're more than the answer
For every question I have
There's no way that I deserve you
Girl, you got me so bent
So high in this love
I know it
My everyday is
Because of you
Now, girl don't tell me twice
Knew it when I looked in your eyes
It was gonna be you and I
Fate brought you into my life
And so come into my world
I wanna be your boy
Want you to be my girl
The one that her love
I put above everything

(Baby your love) Yeah, yeah
Got me going out my head
Got me thinking strange feelings
Got me
'Cause you're the only one
That make me feel this way
(And baby your love)
Got me feeling like I'm in heaven
Got me flying over the moon
I wanna be the one you're comin' home to
Yeah
You're more than the answer
For every question I have
There's no way that I deserve you
Girl, you've got me so bent
So high in this love
I know it
Girl, my everyday is
Because of you
Yeah, yeah
You're more than the answer
For every question I have (Every question)
There's no way that I deserve you (Deserve you)
Girl, you've got me so bent
(High in this love, yeah) So high in this love
I know it
Girl, my everyday is
Because of you
Girl, I swear
(From the bottom of my heart)
That I'll never forget, baby, that
My heaven sent just stepped to me
And everything you do
Girl I'm so in love
Because you-oooh, yeah
You're more than the answer
For every question I have (Oh)
There's no way that I deserve you
(There's no way that I deserve you, baby)
Girl, you've got me so bent (Hey)
So high in this love (Hey)
I know it (Yeah, baby)
Girl, my everyday is (Because of you, yeah)
Because of you
You're more than the answer
(More that the answer)
For every question I have
(To every question)
There's no way that I deserve you
(I don't deserve you, yeah)
Girl, you've got me so bent

(Said you're more than the answer)
So high in this love
(To all of my questions)
I know it
Girl, my everyday is (Day)
Because of you (Day)
