"Body"

[Intro:]

You know cuz, I waited a long time for this, you know
And ah, now that you're finally here,
let me see what I wanna do

[1st Verse:]

Right about six in the morning,
I made breakfast before you.
I brought everything to your bed,
As if you had the flu.
Last night was incredible,
And in the morning I feel good.
Lovin like six in the morning, six in the morning (yea).

[Hook:]

She told me slow it down,
She like to play around,
She told me her body was my personal playground,
Shawty feelin my game, I made her say my name,
I made her say my name, my name (my name)

[Chorus:]

She loves the way I touch her body, body, body, body
She loves the way I feel on her body, body, body, body
This what she said,
Said she like kissing, said she like touching, said she
like, said she like
This what she said,
Said she like teasing, said she like pleasing, said she
like, said she like
Said she like...

[2nd Verse:]

When I'm done with you I feel like going one more
round
Girl you know I like it when you make that oh ah sound
Caress your body, grab your body, girl you just ain't
anybody
Girl just bring your sexy body here, oh!
Ain't gon' be done till about six in the evening, six in the

evening

[Hook:]

She told me slow it down,
She like to play around,
She told me her body was my personal playground,
Shawty feelin my game, I made her say my name,
I made her say my name, my name (my name)

[Chorus:]

She loves the way I touch her body, body, body, body,
body
She loves the way I feel on her body, body, body, body,
body
This what she said,
Said she like kissing, said she like touching, said she
like, said she like
This what she said,
Said she like teasing, said she like pleasing, said she
like, said she like
Said she like...

[3rd Verse:]

Said she like every body position, so it's just hard to
choose
She said she wanna be in the place where I go up,
down to the feet
And gently up your body to the point you call me
And then she said Marques, woo!
There's a little place, call it the g spot
Keep pushing the g spot
I'm pressing the g spot
We pressing the g spot
We getting hot, ooh ooh ooh

[Chorus:]

She loves the way I touch her body, body, body, body,
body
She loves the way I feel on her body, body, body, body,
body
This what she said,
Said she like kissing, said she like touching, said she
like, said she like
This what she said,
Said she like teasing, said she like pleasing, said she
like, said she like
Said she like...

[Outro:]

Lets go, get ah, get over here, crawl up under them,
them sheets,

Yea, drop that towel, let's do it again,
Wait, wait, wait, wait, let's not do it again, I'm too tired
Wake me up in about an hour, we go one more round,
let's go to sleep
