### "Explosion"

Oooooooooo (Na na na na na)

Oooooooooo (Na na na na na)

Oooooooooo (Na na na na na)

Oooooooooo (Na na na na na)

Marques Houston

Mattress music

Ooooooooooooo

Take one

#### *[Verse 1]*

Here we are you and me all alone in this room

Doing things that only grown folks do

I'm grabbing you, you grabbing me

Your body's here I can't believe it either one us can  
even breathe

Now I am like a rocket

Going into orbit

And girl you are the comet

So come let me explore it

Should we count down (down down down)

5,4,3,2,1

#### *[Chorus]*

Explosion Explosion Explosion (ooooooooo)

Explosion Explosion Explosion (ooooooooo)

When are body's get to touchin

Don't hold back

I love it when we're making contact

Explosion Explosion Explosion (ooooooooo)

#### *[Verse 2]*

Here we are you and me all alone in this room

Doing things that only grown folks do

I'll lick lick lick lick lick lick lick lick until I cover every  
inch of you

Now I am like a rocket

Going into orbit

And girl you are the comet

So come let me explore it

Should we count down (down down down)

5,4,3,2,1

*[Chorus]*

Explosion Explosion Explosion (oooooooo)  
Explosion Explosion Explosion (oooooooo)  
When are body's get to touchin  
Don't hold back  
I love it when we're making contact  
Explosion Explosion Explosion (oooooooo)

*[Bridge]*

Feels like big bumps going all around ya  
And everything's falling down around ya  
Oh baby  
But we can't be fake  
See the look on your face  
And it's telling me that you love it  
Telling me that you need it  
Oh girl here it comes again

*[Chorus]*

Explosion Explosion Explosion (oooooooo)  
Explosion Explosion Explosion (oooooooo)  
When are body's get to touchin  
Don't hold back  
I love it when we're making contact  
Explosion Explosion Explosion (oooooooo)
