See, normally yo' brotha wouldn't talk 'bout his first
time
But I'm a just be real wit y'all and say what's on my
mind
I remember like yesterday just a lil' man ,I had no clue
Just quite didn't undastand, looked up to big bro for a
lil' advise

He said, "Young bro, what ever you do
Just make sure you strike twice"
I was only nervous 'bout it bein' my first time
But I said, "What the hell this girl is to damn fine?"

My very first time in the house on the couch
In yo' parent's bedroom, remember
My very first time, just can't wait till the day
That I see you again, remember

My very first time it was just as special to me
As it was to you girl
My very first time and I will never forget
My first time

See, it was Sunday afternoon, moms and pops was
gone
We had to be on the low 'cause they was on they home
We started kissin' and it led straight to the bed, I can't
believe
It's happenin' that's what I'm thinkin' in my head

Lasted like a minute but it seemed like forever
We almost got caught but I was too damn clever
Parents came home from church and I was outta there
Like a drop of a dime, man, I will never forget my first
time

My very first time in the house on the couch
In yo' parent's bedroom, remember
My very first time, just can't wait till the day
That I see you again, remember

My very first time it was just as special to me
As it was to you girl
My very first time and I will never forget
My first time

This goes out to the first
Do you know when I will see you again?
And no matter how old we both get, no regrets
I will never for get my first time

My very first time in the house on the couch
In yo' parent's bedroom, remember
My very first time, just can't wait till the day
That I see you again, remember

My very first time it was just as special to me
As it was to you girl
My very first time and I will never forget
My first time

See, some of y'all might have started early
Some of y'all started late but all I know when I started
I thought it was great, this goes out to all
My lil' brotha in the world just make sho'
Yo' first time is with that special girl
Clap yo' hands if you rememba yo' first time
Yo' first time clap yo' hands if you remember
