Girl I'm callin callin out to you
I know u hear me
Cause there's nothin nothin I won't do
To keep you near me
We can get it back on track (track)
Baby hit me back
Don't let this missed call mean all
Don't hang up on us us us on us (on us girl)
Don't hang up on us us us on us (on us on us)
Don't hang up on us us us on us (on us girl)
Don't hang up on us us us on us (on us on us)

I know I made it pretty hard for you to talk to me
Let alone speak face to face
The way you left you drove away and took a part of me
I know I never repalced
This deck is getting colder
These walls keep coming closer

Wish I could hold ya hold ya (hold ya) right now (right now)
Got you on spead dial
With my fingers stuck on redial
Meanwhile you keep ignoring me
But girl just hear me out

Wish you would give me a minute
For me to plead my case
If there are doubts in you mind (ye ye yeah ye)
I swear she do me she to me I can't wanna stay
Hold me for the rest of my life
You can't leave me (alone now)
I just can't let that (go down)

Don't turn your back (turn your back)
On what we could've been
I know we still got somethin there
We gotta let somethin stay
We can get it back (get it back)
Even stronger than before
I don't wanna leave no messages

I just want you to pick up the phone
