First thing you gotta do is
(Put the CD on man play all night long, whats up, whats up) [x2]

(Mattress Music)

First i wanna thank you for buying the CD
I promise when you hear it, then you'll be thanking me
Let me make one suggestion, put this here on repeat
(Put this shit on repeat) [x2]

She'll be taking off her clothes and she would even
know why
Then she gone climb on top of you so man enjoy the
ride
Next thing you know she quivering, shivering
when she ask you what this is
Tell her that you listening to.
(Mattress Music)

You have her singing
(Mattress Music)

You listening to
(Mattress Music)

She'll be singing
(Ohhhh)

Yeah
And I'ma be your host Marques Huston
So just let the CD go get into it
She'll be saying go

Ohhhhhh
(Mattress Music)

Yeah.
Yeah Yeah Yeah
And let let it be
Let it be the reason that you'll end up in the sheets
Now pull up out the bed and when she stand up to her
feet
Now she sucking, bucking, touching, rubbing to this
melody

Let the music feel the air
Got her legs up in the air
Say oh baby this ain't fair
And when she ask you what this is
Tell her that you listening to
(Mattress Music)
Ohhh

You have em singing
(Ohhhhh)
