Ha ha, MH, yeah
You know how we do
T.U.G.
Let's get 'em

Beautiful, she seemed
But looks ain't everything to me
She took my heart from me
And every single part of me

She had me sprung
I didn't know what to do
'Cause I was blinded from the truth
I'm saying that girl was something else

I got caught up
My feelings I couldn't control
I trusted everything I had with her
That girl was something else

I made the wrong decisions
That I shouldn't have made
She played me, betrayed me
Can't believe I fell for this girl

You was supposed to be my girlfriend, baby
But you lied to me, babe
Now I realize that you ain't worth my time
You ain't worth it baby
(So now I gotta let you go)

She had me sprung
I didn't know what to do
'Cause I was blinded from the truth
I'm saying that girl was something else

I got caught up
My feelings I couldn't control
I trusted everything I had with her
That girl was something else

You was supposed to be my girlfriend

But you lied to me babe
Now I realize that you ain't worth my time
You ain't worth it baby

She had me sprung
I didn't know what to do
'Cause I was blinded from the truth
I'm saying that girl was something else

I got caught up
My feelings I couldn't control
I trusted everything I had with her
That girl was something else

Something else
Something else
