Every good doctor has to have some kinda relationship
wit his patient

I wanna make u my girl

Shorty aint nothin like u in this world

You so special to me

Right here is where I want u to be, coz you my special
girl

[Hook 2: Romeo (Marques)]

Cant nobody do me like u do (special girl)

U ride for me and Im ride for u (special girl)

Cuz in the end its just me and you

You was made for me and I was made for you

[Verse: Romeo]

Now u know Im da thug type chain hang low wit da all

From the yo but the dude doin all right

Tell pops dont trip you'll be alright

U aint wit a lil boy you wit a prince tonight

Ya like fairy tales girl I can be ya knight

Or you can be Cinderella or my snow white

Your eye candy to the eyes Ive been blessed twice

I got a nice life all I need is a wife

I mean the way you move make me wanna drop the mic

Its just me and you baby we dont need the lights

Im like the doctor baby, I make you feel better

Light skin corn rows it don't get better

The president of Guttar Music so I get cheddar

They on the carpet while we walkin on chinchilla

Them lil rookies tryna holla but you all mine

Drop karats on ya finger make you go blind

Cant really describe that this feeling that Im gettin
Is something about ya eyes gotta dude straight trippin

Its more than them goodies they 6.4 switchin yup
Nice legs and ya backyard's kickin
All the chefs at the door tryna get to the kitchen
But you different I aint worry bout that
You my special girl I gotta tell the world bout that
One wish was the less now you rollin in Lax
Wont stop cant stop see I told you that
You my S.P.E.C.I.A.L.

You so gutta, but you so good
Lets get away to a cabin in them woods
