### "Stranger"

Girl you'd better quit looking at me like that  
You know your man is gonna kill you damn  
You see he wanna love you and I promise he'll never  
change  
So you go in here and you wonder  
Why didn't you get my number  
I need to understand  
How you can be

*[Chorus:]*

Be so strange, be so strange  
You can be so strange, be so strange, strange, strange  
You far from a stranger, stranger  
Swear that I know you  
Stranger, stranger promise that I need you  
Say you far from a stranger  
Miss the way that I feel (way that I feel)  
Stranger  
Wanna get to know you better  
Stranger, stranger  
Swear that I know you  
Stranger, stranger promise that I need you  
Stranger  
Miss the way that I feel  
Stranger  
Wanna get to know you better

See I let you go again  
When I see you at the supermarket  
You had your son in a stroller  
So, I said there's no way I can disrespect him  
He wouldn't be cool if he did the same thing to me  
You got closer to me and I said..

*[Chorus:]*

Be so strange (damn you'll be fine and my name is  
Marques), be so strange  
You can be so strange (meet me at a club and we roll),  
be so strange, strange, strange  
You far from a stranger, stranger

Swear that I know you  
Stranger, stranger promise that I need you  
Stranger  
Miss the way that I feel (way that I feel)  
Stranger  
Wanna get to know you better  
Stranger, stranger  
Swear that I know you  
Stranger, stranger promise that I need you  
Stranger  
Miss the way that I feel  
Stranger  
Wanna get to know you better

*[Bridge:]*

Fellas if you know what I'm sayin lemme hear ya say oh  
oh oh oh  
Now my ladies if you hear what I'm sayin' let me hear  
ya say yeaah  
Now my (?) let me hear ya saying oh oh oh ah  
Lay if you love him never (?) another try and let me  
hear ya say eh eh eh eh

*[Chorus:]*

Be so strange, be so strange  
You can be so strange, be so strange, strange, strange  
You far from a stranger, stranger  
Swear that I know you  
Stranger, stranger promise that I need you  
Say you far from a stranger  
Miss the way that I feel (way that I feel)  
Stranger  
Wanna get to know you better  
Stranger, stranger  
Swear that I know you  
Stranger, stranger promise that I need you  
Stranger  
Miss the way that I feel  
Stranger  
Wanna get to know you better

Stranger, Stranger  
Swear that I know you  
Stranger, stranger promise that I need you
