[Marques Houston Talking]

Damn
Here I go again, here I go again
Can't believe this
Not again . . .

[Verse 1]

So many nights
I'm in the strip club just looking for some fun
So many nights
I'm ready with my five hundred ones
But every time
I see me one I gots to be alone with
I got my twenty twin-twin
She be jacking my end

She might be on the poll
all up against the mirror
Lipstick with all that glitter
throwin' them heels this way
(and you know)
She got that body
Trickin' that body
(And you know)
She got that booty, quacking that booty

[Chorus]

I always seem to always fall in love
at the strip club
I was only looking for a lap dance
there she was
Up on the stage getting that cash
there she was
I damn near tipped her all that I had

Tell me how I always fall in love
That strip club love
Gettin' love at the club
Ain't what a nigga supposed to do?
But I can't help it ya'll
This playa done took a fall
I'm always falling in love

at the strip club

[Verse 2]

I tipped her but she never let me touch
But tonight she let me feel on that big old butt
And then every time
Thought I had her cause I got her real name
Damn I can't believe how a stripper got me again
She had me on the poll
All against the mirror
Glitter all over my throwback
Smelling like I was with her
She got that body
Trickin' that body
(And you know
She got that booty, quacking that booty

[Chorus]

I always seem to always fall in love

at the strip club

I was only looking for a lap dance
there she was
Up on the stage getting that cash
And there she was
I damn near tipped her all that I had

Tell me how I always fall in love
That strip club love
Giving love at the club
And what a nigga supposed to do?
But I can't help it ya'll
This playa done took a fall
I'm always falling in love
at the strip club

[Bridge]

She ain't happy here
She just need the money
I brought them drinks
And that's what she told me
So I got the digits
Cause I think she's with it
And she put me on like I'm gon' get it
But hold on, wait a minute
This shouldn't happen
but I'm falling in love again whoa

[Chorus]

I always seem to always fall in love
at the strip club

I was only looking for a lap dance
there she was
Up there on the stage getting that cash
And there she was
I damn near tipped her all that I had

Tell me how I always fall in love
That strip club love
Gettin' love at the club
Ain't what a nigga supposed to do?
But I can't help it ya'll
This playa done took a fall
I'm always falling in love
at the strip club

I love them girls named fantasy
I love them girls named extasy
I love them girls the way they bounce on me
And if you feelin' me, throw your ones up with me
I love them girls named fantasy
I love them girls named extasy
I love them girls the way they bounce on me
And if you feelin' me, throw your ones up with me
