I remember the day you first told me that  
I was the man that had your heart  
From that day forth I knew that nothing would  
Ever come and tear us apart

So then people try to warn me about you  
Said that I should never trust you  
But so stupid so me, I didn't listen then  
I let myself go fall in love with you

(What happened to us?)  
You were supposed to be my future  
Brought the ring and had to take it right back  
(Were you really in love?)  
Or was I just a game to prove to yourself?  
You could get a me  
(Yeah)

You're more beautiful than anything in this world  
More precious than the rarest diamond or pearl  
And even though we didn't work out together  
You're still my sunset, set, set, set

And I know that you and I are two worlds apart  
But you'll always be the one to have my heart  
I'm gonna love you for now and forever  
'Cause you're my sunset, set, set, set, set

Your innocent smile used to drive me wild  
Even though you ain't innocent at all  
And now I feel so stupid cause I'm the only man  
That ever loved you even with all your flaws  
Even your best friend questioned why  
I still would be with you after knowing your past  
But what she didn't understand is knowing  
Your past is why I thought we could last

(What happened to us?)  
We had something special but  
What? Was I not good enough for you  
(Are you really in love?)

Can't show mine was fine  
'Cause without trying  
I still ended up hurting you  
(And I'm sorry)

You're more beautiful than anything in this world  
More precious than the rarest diamond or pearl  
And even though we didn't work out together  
You're still my sunset, set, set, set

And I know that you and I are two worlds apart  
But you'll always be the one to have my heart  
I'm gonna love you baby now and forever  
'Cause you're my sunset, set, set, set, set

Maybe one day we'll end up talking again  
Maybe one day we'll go back to being just friends  
Promise to love you, baby till my life ends  
'Cause you're my sunset, set-set, set, set

No matter what happened between me and you  
I'll always be the man that you could run to  
I loved you then I love you now and forever  
'Cause you're my sunset, set, set, set, set, set
