Yo

Can I talk to you for a minute?

Look, all I did was look

Why trippin'?

Look, check this out

Check

Baby, look I'm tired of tryin' again

To convince you that I ain't caught up lyin'

When she walk past me I looked

So what, big deal

I don't understand how that can make you feel

That my love ain't for real

Everyday I thank the Lord above that you're with me

You're with me

Tell me why would I throw that away?

Why would I throw that away?

What can I do to prove

That this is where I wanna be?

Though I may look occasionally

You're the only one I need

If I wanted that girl

Then I would be with that girl

But that one ain't for me

She's fine as hell but she'll always be that girl

Nothin' more than

That girl, no matter what she do

She don't compare to you

What're you yellin' for?

Why you screamin'?

Girl you act as if you just caught me cheatin'

When you look at other men

And don't act like you don't

I don't trip because I know

That I'm the guy that come to every night

Everyday I thank the Lord above that you're with me

Tha you're with me

Tell me why would I throw that away?

Why would I throw that away?  
What can I do to prove  
That this is where I wanna be?  
Though I may look occasionally  
You're the only one I need

If I wanted that girl  
Then I would be with that girl  
But that one ain't for me  
She's fine as hell but she'll always be that girl  
Nothin' more than that girl  
No matter what she do  
She don't compare to you

I, know I need you  
Right here with me  
Oh, I know I need you  
No other girl would do  
'Cause I need you  
Right here with me  
Oh I need you

That girl, then I would be with that girl  
But that one ain't for me  
She's fine as hell but she'll always be that girl  
Ain't nothin' more than that girl  
No matter what she do  
She don't compare to you

Said if I wanted that girl  
Then I would be with that girl  
But that one ain't for me  
She's fine as hell but she'll always be  
That girl  
Nothin' more that girl  
No matter what she do  
She don't compare to you

If I wanted that girl  
Then I would be with that girl  
But that one ain't for me  
She's fine as hell but she'll always be  
That girl  
Nothin' more that girl  
No matter what she do  
She just can't be you  
Baby
