She eats a lot of candy
She bubbles up and sucks you down
All that sugar keeps her nasty
She's into tossing spells and cars around
On a sleepy Sunday
He crawled in through a window
Put a shotgun to her throat
And she said:
Life's a ball but it's got a lot of angles on it etc....
She rides with her chin down
She made Graceland cry
She's really into stalking downtown
So don't turn your back against the light
On a random Monday
Lookin' out of the window
See a stick and watch her fly
Blah blah blah etc...
Licorice well look at this I'm bouncing gumdrops off the
wall
Off the ceiling fireball
On a rainy Tuesday rats get in through the basement
Get your shotgun get your hose
Keepin' up with Candy
