I am secretly waiting for you
And I'm keeping my hands in my pockets
As I'm secretly waiting you're secretly saving my life
I am hiding my heart in a bag
I'm disguising the sound of my breathing
As I'm secretly waiting you're secretly saving my life
What's it gonna take for you to cross that line
What's it gonna take for you to touch both sides (you
cross me out)
What's it gonna take for you to read my mind
It's gonna take a miracle
And miracles are hard to find
I am open and closing my soul
I've been sleeping for 24 years
As I'm secretly praying you're secretly dying to see me
I'm dyin' to see you kill me
What's it gonna take for you to cross that line
What's it gonna take for you to touch both sides (you
cross me out)
What's it gonna take for you to read my mind
It's gonna take a miracle
And miracles are hard to....
Find out what it's like in the morning
Find out what it's like in the fall
Find out about getting in trouble
Find out what it's like to love me
What's it gonna take for you to cross that line
What's it gonna take for you to touch both sides (you
cross me out)
What's it gonna
What's it gonna take for you to cross that line
What's it gonna take for you to touch both sides (you
cross me out)
What's it gonna take for you to read my mind
It's gonna take a miracle
And miracles are so divine
