Spiral revelation

Morphis of change, what a sensation

Growing in from imagination

Opens the door in between spaces

Oh, dear, she explodes

Falling down

Falling up

Falling down

And if these four walls tumble down

I'll see you

Scary incantations in the wrong hands

Feel the vibrations now I see all

No invitation in this playground

Into temptation, now I'm so small

Falling down

Falling up

Falling down

And if these four walls tumble down

I'll see you

My imagination turning around

What a sensation, I want more

More information opens the door

No expectations, now I explore

Falling up

Falling down

Falling up

Falling down Down Falling up Falling down Falling up Up Falling up
