Shimmer shimmer eternal
Like you were floating
Shimmering between
Life's tributary
Up on a window sill
Affect your internal eye
And there was so much more
If the truth was unkind
Would i fall through the world
Some kind of danger
If the truth was unkind
Would i fall through the world
Some kind of danger
Shimmer shimmer between us
Like we were flying
Colours seem so much brighter
Than they did before
If i stumble you'll catch me
If i stumble you'll catch me
If the truth was unkind
Would i fall through the world
Some kind of day dream
If the truth was unkind
Would i fall through the void
Depending on what you believe
If i stumble stumble
You'll catch me
Right here beside
On a blue horizon
On life's tributary
If i crumble underneath
Reckless emotion
Of your own illusion
If the truth was unkind
Would i fall through the world
Some kind of day dream
If the truth was unkind
Would i fall through the void
Depending on what you believe
Underneath shimmering illuminating inbetween
Underneath
I feel torn as i stumble in me i feel torn
