"So Long"

Why does it take so long?
What if I wait for you?
Am I the only one?
So long
What did it mean?
Turn around here and
See if it breaks in two
Am I the only one?
Secrets turn your soul out
I could always be there
Take this all
I turn around
Suddenly
What if it breaks in two?
Am I the only one?
So long
Forget you're going
So long
Show me there
I think you will
So long
What did it mean?
Why does it take so long?
What if it breaks in two?
Am I the only one?
Secrets tear your soul out
I could always be there
So suddenly
Flying through the air
Am I not the only one?
The only, only, only one
Did I tell you
Sometimes it hurts?
