Sawing at the pavement
Repented theyre past lives
might not be the only major left
to be left behind

a pair of the insults
it involves
rays upon the entrails and the novel

a missing chromosome walks
and now we wait for the fate of the others

mass call of this plague
mass call of this plague
mass call of this..

fondelier this dashboard
cattle prodding team
single in the sedatives
to emaciate their queen

a pair of the insults
it involves
rays upon the entrails and on the novel

a missing chromosome walks
and now we wait for the fate of the others

mass call of this plague

mass call of this plague
mass call of this..

no one's getting out
of the fetal camps alive
the trenches have been flemming
to take theyre proper heights
(just follow.. they will swallow..[x2])
might it be the town unscope
to know lantern jackal tula?
let us nurse the vipers
and the presence of your sins

just follow
they will swallow

a missing chromosome walks
and now we wait for the fate of the others

mass call of this plague
mass call of this plague
mass call of this plague
mass call of this..
