Fed up with my destiny
And this place of no return
Think I'll take another day
And slowly watch it burn
It doesn't really matter how the time goes by
'Cause I still remember you and
And that beautiful goodbye
We staggered through those empty streets
Laughing arm in arm
The night had made a mess of me
Your confession kept me warm
And I don't really miss you, I just need to know
Do you ever think of you and I
And that beautiful goodbye
When I see you now
I wonder how
I could've watched you walk away
If I let you down

Please forgive me now
For that beautiful goodbye
In these days of no regrets
I'll keep mine to myself
And all the things we never said
I can say for someone else
'Cause nothing lasts forever, but we always try
And I just can't help but wonder why
We let it pass us by
When I see you now
I wonder how
I could've watched you walk away
If I let you down
Please forgive me now
For that beautiful goodbye
