Well I'm goin' out  
I'm goin' out lookin' for a cynical girl  
Who's got no use for the real world  
I'm lookin' for a cynical girl

Well I hate TV  
There's gotta be somebody other than me  
Who's ready to write it off immediately  
I'm lookin' for a cynical girl

Well I'll know right away by the look in her eye  
She harbors no illusions and she's worldly-wise  
And I'll know when I give her a listen that she's  
She's what I've been missin', what I've been missin'

I'll be lost in love  
And havin' some fun with my cynical girl  
Who'll have no use for the real world  
I'm lookin' for a cynical girl

Well I'm goin' out  
I'm goin' out lookin' for a cynical girl  
Who's got no use for the real world  
I'm lookin' for a cynical girl

Yeah, I'll know right away by the look in her eye  
She harbors no illusions and she's worldly-wise  
And I'll know when I give her a listen that she's  
She's what I've been missin' what I've been missin'

I'll be lost in love  
And havin' some fun with my cynical girl  
Who'll have no use for the real world  
I'm lookin' for a cynical girl

Well I'm lookin' for a cynical girl  
I'm lookin' for a cynical girl  
Well I'm lookin' for a cynical girl  
I'm lookin' for a cynical girl, yeah  
I'm lookin' for a cynical girl
