(m. crenshaw)

The way you smile even when heartbreak
Is closing in around you
You know that's one thing
I ought to learn how to do
Won't you hear my plea
Come by and see me
'cause every time I see you smile
You make my world
A fantastic planet of love
What new battle will this day bring
Just this morning I felt like trouble's plaything
Believe me darling this is true
It's only when I'm next to you that I ever dream of
A fantastic planet of love
Right now I feel it

I feel something closing in around me
It's in the headlines of the tabloids
And I heard it on tv
Come see about me, (I) can't wait to be
Hanging 'round with the one who makes my world
A fantastic planet of love
Don't get angry
Yeah, that's what you say
Save your anger, you shouldn't look at it that way
Come over and I'll be satisfied
It's only when I'm by your side
That I ever dream of
A fantastic planet of love
