Laughing out loud to no one  
Thinking 'bout the things I've done  
For her love, for her love, for her love

Knowing how wrong I've been  
And how I'd do it all again  
For her love, yeah her love, for her love

I can't compare anything I've known  
To what I feel when we're all alone  
And we'll keep havin' our fun, wait and see  
Even if it makes demands on me

I'm ridin' on a subway train  
And runnin' through the driving rain  
For her love, yeah her love, good her love

Knowing how wrong I've been  
And how I'd do it all again  
Oh for her love, for her love, for her love

We walk together on a summer night  
I close my eyes and I feel alright  
And we'll keep having our fun, heart to heart  
Even if my whole world falls apart

We walk together on a summer night  
I close my eyes and I feel alright  
And we'll keep having our fun, heart to heart  
Even if my whole world falls apart

I'm laughing out loud to no one  
Thinking 'bout the things I've done  
For her love, yeah her love, for her love

Oh for her love, good love, for her love  
For her love, yeah her love, for her love
