(c. hillman)

Tickson music (bmi)

Have you seen her face  
Her eyes reflect the colors in the sky  
A warm familiar place to be swept into  
Whenever she's close by  
Makes me wonder why

Run by, don't turn back  
Can't hide from the look in her eye

Must be the way she walks  
A style made up to capture all she needs  
No time to spend on this talk  
If your luck runs right she might see you tonight  
Everything in sight

Run by, don't turn back  
Can't hide from the look in her eye

Run by, don't turn back  
Can't hide from that look in her eye

You'll find you're locked in her spell  
All the sights and sounds your senses will be found  
And only time will tell  
How much love can be to wait so patiently  
Wait and see  
Run by, don't turn back  
Can't hide from that look in her eye
