The same old sounds, the same old sights  
The same old Friday and Saturday nights  
We're out all night, we must have fun  
It's hard to know, but it has to be done

I'm gonna be relieved when I can finally stop  
And do the Monday morning rock

Neon lights of pink and blue  
A drink in my hand and my arm around you  
The beat runs on 'til way past dawn  
The doors open up, there's a day going on

That's when I know I've gotta go home and set my clock  
To do the Monday morning rock  
Yeah, the Monday morning rock  
Now we don't have to think at all  
To do the Monday morning rock, yeah

Well, now everybody all up and down the block  
Let's do the Monday morning rock  
Yeah, the Monday morning rock  
Now we don't have to think at all  
To do the Monday morning rock, yeah

No more fun, the weekend's done  
We've done our duty, now we're all alone  
I touch your hand, eyes meet mine  
It's warm, it's quiet, and I'm feeling fine

Let's turn out all the lights and lock the lock  
And do the Monday morning rock  
Yeah, the Monday morning rock  
Now we don't have to think at all  
To do the Monday morning rock, yeah

Let's do it, do it, do it now  
Come on, do it now  
Do the Monday morning rock  
We don't have to think at all, yeah

Come on, do it now

Do it, do it, do it now  
Do the Monday morning rock  
Do it, do it, do it now  
Do it, do it, do it now  
Monday morning rock

Come on, do it now  
Do it, do it, do it now  
Do the Monday morning rock  
Do it, do it, do it now  
Won't you do it, do it, do it now  
Monday morning rock
