You know I'll try
What good it's gonna do I can't say
But don't you know I'll try
With all my heart every day

Though nothin' is clear
And I'm wonderin' how
To save what's left of us now

Why don't we try?
Try you and I

You know your eyes
Reveal all that's locked in your heart
And whenever you feel
Like everything's fallin' apart

I should be the one
To come through for you
It isn't always easy to do

But you know I'll try
I'll try till I die
Yeah, yeah I try try and try
Why don't we try till I die?

Oh no, no, no
The way you move me is a serious thing
Oh no, no, no
Let's wait and see what tomorrow might bring

Why don't we try?
What good it's gonna do I can't say
Don't you know I'll try
With all my heart every day

Though nothin' is clear
And I'm wonderin' how
To save what's left of us now

Why don't we try?
Try you and I

Why don't we
Try you and I?

Why don't we
Try you and I?
Yeah, yeah
I try try and try

Why don't we
Try you and I?
You know
I try try and try

Why don't we
Try you and I?
Oh try you and I?
Oh I try try and try
