Girl, I haven't known you long
I may be coming on too strong
And if I am I hope you understand
No, I'm not quite sure what this is
But I know I've never felt like this
And I'm prayin' you feel it too
I can think of a million things that I'd like to say
But standing here face to face

All I wanna do
All I really wanna do is kiss you
Girl, I wanna feel that fire I see in your eyes
All I wanna be
All I really wanna be is with you
Forever and ever but baby tonight
All I really wanna do is kiss you

I hope you know it's not like me
To open up so easily
Girl, if you only knew what I'm I'm going though
Lovin' you
I'm trying to hold these feelings back
But it's not use can't you see that
My life's outta control
But right now all I know
Even though it's crazy, girl
I just can't resist, taking this chance
At a moment like this

All I wanna do
All I really wanna do is kiss you
Girl, I wanna feel that fire I see in your eyes
All I wanna be
All I really wanna be is with you
Forever and ever but baby tonight
All I really wanna do is kiss you

I don't even wanna take the time
To figure this out
I just wanna close my eyes

'Cause baby right now..oh, oh

All I wanna do

All I really wanna do is kiss you

Girl, I wanna feel that fire I see in your eyes

All I wanna be

All I really wanna be is with you

Forever and ever but baby tonight

All I really wanna do is kiss you
