(Todd Michael Sansom)

It's always something  
You gotta be here, you gotta be there  
You're always running, always got to be somewhere  
No time for living, and the days just slip away  
You keep on giving, 'til it's all work and no play  
You live by the book, and I live on a prayer  
Well, I know how you look with the wind in your hair

Ain't talking about love  
Baby, I ain't nobody's Romeo  
I'm talking about you and me, wild and free  
Flat out, down a winding road  
And, I'm not sure just what we'll find  
But I won't stop until you're satisfied  
So climb in baby and enjoy the ride

Call me crazy  
'Cause I don't care where this will end  
But it's amazing how much fun you have  
Not knowing what's ahead  
And we might make it, or we might just go down in  
flameps  
But you'll be glad you took the chance and girl you'll  
never be the same  
Somewhere down deep you want so bad  
To live the wildest dreams that you never had

Ain't talking about love  
Baby, I ain't nobody's Romeo  
I'm talking about you and me, wild and free  
Flat out, down a winding road  
And, I'm not sure just what we'll find  
But I won't stop until you're satisfied  
So climb in baby and enjoy the ride

Ain't talking about love  
Baby, I ain't nobody's Romeo  
I'm talking about you and me, wild and free  
Flat out, down a winding road  
And, I'm not sure just what we'll find

But I won't stop until you're satisfied  
So climb in baby and enjoy the ride
