Me
It was always all about me
My job, my life, my time was all I cared about
Myself
I only needed myself
To get me though my life
Then suddenly I found that

I want
I need
I crave
I breathe
I feel
I hope
I dream
I know
I trust
I love you

The night I just discovered the night
How magical it is since you're in my arms
Oh, all these days I wake up and I'm amazed
How much I want to give
Since you've touched my heart, and now

I want
I need
I crave
I breathe
I feel
I hope
I dream
I know
I trust
I love you

It wasn't luck
It wasn't fate
There's just one reason our world's changed
Girl, it's you

I want
I need
I crave
I breathe
I feel
I hope
I dream
I know
I trust
I love you
