A Master race driven on by greed  
Their aim society on which they can feed  
Amongst a blood lust causing hunger and pain  
Ruled by regime with their rules inhumane

We must be strong enough to go all the way  
Defend our rights whatever  
We'll end this fascists rule  
To take control of the fear their hiding

Standing on the edge of the world were calling  
Can't ignore the plight the worlds pain  
Standing on the edge of the world were calling  
Can't ignore the plight the worlds pain

We'll make a stand take away their greed  
A fight for all is what we need  
To rid the world of their power mad games  
Our nation cries vengeance will have it's day
