Lord I've always been a drifter, seems like I was always  
passing through  
I never met anybody or anything, I just had to come  
back to you  
But the minute I saw you, all my dreams were standing  
alive  
And I would gladly give a hundred of my tomorrows if I  
could see you just one more time

If I could see you one more time there's just a few  
things on my mind  
Just a few more things that I'd like to tell ya  
If I could see you just one more time

As I travel down the highway, got to be the gypsy in my  
bones  
But I want to see your smiling face, makes a man feel  
so alone  
But you've already captured my soul, and slowly you're  
invading my mind And I would gladly give a hundred of  
my tomorrows if I could see you just one more time

If I could see you one more time there's just a few  
things on my mind  
Just a few more things that I'd like to tell ya  
If I could see you just one more time

If I could see you one more time  
If I could see you one more time  
If I could see you one mroe time.....
