Lying there just standing st the shadows on the wall  
Johnny hears them fighting once again  
His mothers, father screaming at each other all the  
time  
Tears roll down his cheeks he understands

This young child will suffer in a cold and empty world  
Cause no one takes the time to care enough to break  
his fall

He'll grown-up mean and fighting for attention that he  
craves  
This restless-child who no one understand

Psychodrama, Psychodrama

Time goes by he's come to view the world with angry  
eyes  
On his own he learn to stand his ground  
Alcohol and drug abuse (now the boy's street wise)  
He's fathers guiding hand cannot be found

This young man will suffer in a cold and empty world  
Cause no one takes the time to care enough to break  
his fall  
He's grown-up mean and fighting for attention that he  
craves  
This broken man who no one understand

Psychodrama, Psychodrama

Anger and frustration tick away just like a bomb  
Though out his teenage years he over loads  
Emotion filling up with rage direction null and void  
He rebels once more another wound is scores

Psychodrama, Psychodrama
