At night when I go to sleep  
All around it's quiet here  
I can't believe what I'm about to see  
Can't take this pressure now  
To many dreams how  
What didn't I listen  
Why didn't I care  
Cause you were there to warn me  
Now I believe again  
Destiny send forth fate with dreams cast  
Only time can dictate when we last  
To become superior yet liked  
Become almighty and treated as a God  
Never be forgotten in this life  
This is the truth  
Screams of men in pain  
Never again  
Legends drawn by fate  
To this land  
This slaughter can be saves it's too late  
To unlock the hidden meaning  
And believe it to be true  
Never to become immortal this is the truth  
Screams of men in pain  
Never again  
Retreat never retreat never in your dreams  
Retreat never retreat never in your dreams  
Retreat never retreat never in your dreams  
Retreat never retreat never in your dreams  
Vision and oracles have cast  
The truth has to be discovered  
Fate before you the future and the past  
The path the key to history  
Conquer lands and then to reign  
Never to be forgotten  
Twenty Thousand miles of pain  
The legend still remains  
Screams of men in pain  
Never again  
Retreat never retreat never in your dreams  
Retreat never retreat never in your dreams  
Retreat never retreat never in your dreams

Retreat never retreat never in your dreams
