Uneasy eyes rest on a clock  
A nervous hand reveals a watch  
A sudden glance, a painful smile  
And minutes slip away

Unsettled heart would skip a beat  
A tired heart can find no peace  
A lonely sound, the clock ticks on  
And hours slip away

Don't tell me the time  
I don't want to know  
Don't tell me the time  
You spend with her  
Can't hurt me it does  
Don't tell me the time  
Cause time can be cruel  
Every moment that I'm away from you

Where did you go, don't want to know  
Why are you here is never clear  
Make love just once, you're gone again  
And I'm alone with time

Don't tell me the time  
I don't want to know  
Don't tell me the time  
You spend with her  
Can't hurt me it does  
Don't tell me the time  
Cause time can be cruel

And I still can't believe how long  
The night keeps me waiting here for you  
Prisoner of time, no dream comes true  
Waiting and watching  
Lost in forever without you

Don't tell me the time  
I don't want to know  
Don't tell me the time  
You spend with her

Can't hurt me it does  
Don't tell me the time  
Cause time can be cruel  
Every moment that I'm away from you
