I tell it to the moon  
Scream it to the stars in the sky

Seeing you always reminds me  
Got a secret that I keep  
Got a keep it inside me  
I watch from a distance  
Loving you silently  
You never hear me

So I tell it to the moon  
Scream it to the stars in the sky  
Share it with the wind  
Try to keep it in  
But it's so hard sometimes  
So I yell it to the night  
I don't know what else I can do  
I can't tell it to you  
So I tell it to the moon  
Tell it to the moon

Late at night when no one can hear me  
I reveal the way I feel pretending you're near me  
You've got somebody  
There's nothing I can do  
Can't tell you I love you  
So I...

Tell it to the moon  
Scream it to the stars in the sky  
Share it with the wind  
Try to keep it in  
But it's so hard sometimes  
So I yell it to the night  
I don't know what else I can do  
I can't tell it to you  
So I tell it to the moon  
Tell it to the moon

Some night  
I'll come right out and tell you

Some night  
I'll say the words I love you  
Some night  
But tonight  
I'll tell it to the moon
