Time and time again, I know I failed  
You  
It left me feeling weak and all alone  
But then You came and reached for me,  
with mercy  
You gave me back the strength to carry  
on  
And when I think about Your love, I'm  
so amazed  
That is why my heart is filled with  
praise

Chorus  
I'm filled with praise  
When I think of how You love me  
I'm filled with praise  
When I think about Your mercy  
And I am overwhelmed  
And Your power and Your grace  
My heart's revealed, and I am filled with  
praise  
(Repeat all)

Lord, I am filled with praise  
I'm filled with praise  
When I think of how You love me  
I'm filled with praise  
When I think about Your mercy  
And I am overwhelmed  
And Your power and Your grace  
My heart's revealed, and I am filled with  
praise  
(Repeat 3x)
