I know you're ready, you show all the signs
Your eyes sparkle oh how they shine
But you keep saying
You can't take another heartache

The way you hold me, the way that you move
Your feelings keep showing through
You can't hide it
It's written all over your face

Don't tell me you're not in love
When your heart beats like it does
Your trembling body tells on you
Each time we touch

You can tell me you're afraid
I am too and that's okay
I got eyes, I can see
Baby don't tell me you're not in love

Sweet love songs bring you to tears

Come on baby don't hide in your fear
Let your lips say
What your heart already knows

Your denial is a last thing to fall
The only brick left holding the wall
Don't hold back
Speak with your heart and your soul

Don't tell me you're not in love
When your heart beats like it does
Your trembling body tells on you
Each time we touch

You can tell me you're afraid
I am too and that's okay
I got eyes, I can see
Baby don't tell me you're not in love

I got eyes, I can see

Baby don't tell me you're not in love
