(Larry Paxton/K. L. Gordon)

Trees are for climbing  
And holes are for digging  
And friends are for when your having fun  
And hearts are for when you want to love someone  
Dogs are for hugging  
And cats are for putting up with  
Birds are just looking at  
And heads are for when you have to wear a hat  
Dads are for being with  
And doing things  
And helping out Mom  
And Moms are for talking to  
And telling things that you can't tell anyone  
Ears are for hearing your father call  
And eyes are for seeing when it's dark  
Legs are for when you have to run  
And hearts are for when you want to love someone  
Brothers always take your things  
And break your things  
And eat your candy  
And sisters always tell on you  
And they cry a lot  
When they got no reason to  
Feet are for putting your shoes on  
And hair is for looking nice at school  
And hands are for folding when your book is done  
And hearts are for when you want to love someone
